Hawks Not All Enemies.

The department of agriculture says that of the 50 principal varieties of hawks 37 are of benefit to the farmer since they catch great numbers of rodents that injure crops. It is even said that a hawk on the farm is as valuable as a cow. There are three varieties of hawks that are deadly to chickens and should be shot on sight.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like a magnet—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

IDEAL Guardians of the Home! \$118

New IDEAL-Arcola Radiator-Boiler

Reduces living cost for small homes!

You'll stop dreading winter, you'll stop having chill halls and drafty floors, you'll stop all coal-waste, and you'll enjoy the ideal comfort, the health protection and the cleanliness by putting in at once an IDEAL-Arcola Heating Outfit.

The IDEAL bargain in low-cost heating!

The IDEAL-Arcola heats the room in which it is set, but being water-jacketed, the excess heat is absorbed by the water and is made to circulate to the other rooms by pipe connected AMERICAN Radiators. Stops all coal-waste. Heats all rooms uniformly. No cellar is needed. Same water is used over and over for years. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL-Arcola and one or two radiators (at less price than quoted below) and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm more rooms. Easily put in OLD Houses in winter-weather without disturbance to occupants.

Changes your house into a home!

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire risk to building—no danger to children—fire lasts for hours! The Arcola burns hard or soft coal, coke or gas. Brings cost of heating down to the lowest notch—and guards your home forever against discomfort and fuel-waste!

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today

pearance of Fiske O'Hara in his new romantic comedy, "Down Limerick Way," by Anna Nichols at the Bennington Opera House on Thursday evening. This most versatile actor, singer, whose portrayal of Irish roles has endeared him to thousands of ad-

mirers, has in his latest vehicle, the most sparkling, laughter-loving comedy in which he has ever appeared. In "Down Limerick Way," Mr. O'Hara has the part of an Irish nobleman whose family are trying to get

Work for Rainmakers.
Insufficient rain accounts for the occasional failure of crops in nearly a third of the country.

Milliner Named for Milan.
Before Davis became the mistress of modes, Milan gave the fashion to the world; hence the word milliner.

"ROSY-FIT"

If Bilious, get your
Pep and Color back
with "Cascarets"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food which sours and ferments, forming acids, gases, and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and have you feeling clear, bright and as fit as a fiddle by morning. Cascarets never sicken or inconvenience you like nasty Cataplasms, Salts, Oil or Gripping Pills. They work while you sleep.

Condensation Nuisance Ended.

The condensation upon cold water pipes which are exposed is an annoyance which has been experienced in a great many industrial plants and some domestic establishments. The condensation has been practically eliminated by a well-known water company by a method of treating the pipes with a coating of paint and a layer of ground or pulverized cork. They on very damp days is there a slight condensation since the pipes have been given this treatment. The pipe is first painted with ordinary paint and then a coat of special cork cement paint is applied. Before the cement paint dries a layer of dry granulated cork is applied by hand to the wet paint. Another coat of cement paint is put on top of the granulated cork and a final coat of ordinary paint is used to give the finished pipe the desired color.

Biliousness

Lowers your spirits, dulls your brain, causes constipation, sick headaches, and makes you feel miserable. Clean up your liver; take Hood's Pills.
